The Canvas Shop Products

Canvas | Fasteners | Tube Fittings | Deck Fittings | Window Vinyl | Canvas Treatments | Support Poles and Accessories

Fasteners

Stayput Nylon Shockcord Loop

Shock cord loops used for securing varying thickness of canvas down onto a hard surface such as a fiber-glass or steel boat. Available in white and black.

Stayput Marquee Hook and Back Clip x2

High-quality UV stable Nylon Composite hook. Can be used with Stayput® Nylon Shock Cord Loop. Fixes directly to fabric using a backing plug and does not require the use of an eyelet or any special tools. Designed to hang marquee (tent) walls with a rope or wire. Fixed directly to the fabric using a backing plug, does not require the use of an eyelet or any special tools. As with the shock cord loop, the marquee hook can also be removed and re-fitted without damaging the fabric or the hook. Available in black or white.

1/2" Stainless Grommets with Spur Backing x10

1/2" diameter marine grade stainless grommets. 10 grommets with 10 spur backings. Total of 20 pieces.

10x Snap Fastener Screw Stud 3/4"

10x snap fastener screw stud for attaching fabric to a hard surface such as fibre glass, wood or steel. 3/4" marine grade stainless steel screw with phillips head. Available in stainless steel or black.

10x Snap Fastener Screw Stud 3/8"

10x snap fastener screw stud for attaching fabric to a hard surface such as fibre glass, wood or steel. 3/8" marine grade stainless steel screw with phillips head.

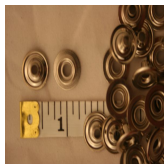

10x Snap Fasteners, Button and Socket - Black

10x snap fasteners with a black cap, nickel-plated brass socket and button. Made of brass and steel with corrosion-resistant bright nickel finish for outdoor and marine applications. Total 20 pieces.

10x Snap Fasteners, Button and Socket - Stainless

10x snap fasteners with a stainless cap, nickel-plated brass socket and button. Made of brass and steel with corrosion-resistant bright nickel finish for outdoor and marine applications. Total 20 pieces.

15x Stud and Post Snaps

15x stud and post. Nickel-plated brass. Excellent for covers, cushions, dodgers and many other applications. Total 30 pieces.

2x Nylon Cam Buckle

Nylon Cam Buckle sold in pairs. Made of high quality polypropylene, good flexibility, strength and durability. Smooth appearance. Great for belts, light duty straps and light to medium duty tie downs. For use with a 1" strap.

2x Stayput J Hook

2x Stayput J Hook. Made of solid, UV and corrosion resistant Nylon. Attaches to stayput shockcord clip (not included) to attach to Zodiac type inflatable boats. Can also be used with shockcord.

3/8" Brass Grommets x10

3/8" diameter marine grade brass grommets. 10 grommets with 10 backings. Total of 20 pieces

Adhesive Snap Socket

White YKK SNAD Adhesive snap socket. Used in place of a snap screw stud to avoid drilling into the fibreglass of the boat. High quality marine grade adhesive backing.

Adhesive Snap Stud

White YKK SNAD Adhesive snap stud. Used in place of a snap screw stud to avoid drilling into the fibreglass of the boat. High quality marine grade adhesive backing.

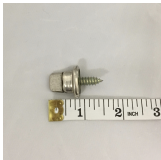

Brass Grommets with Spur Backing x10

Marine grade brass grommets. 10 grommets with 10 spur backings. Total of 20 pieces. Available in diameter of 1/2" or 7/16".

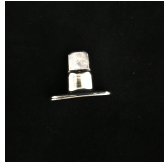

Common Sense Twist Eyelet & Backing Washer x4

Used with the Common Sense Twist Fastener to secure canvas and other materials. Four eyelets and four backing washers included. Marine grade stainless steel.

Common Sense Twist Fastener Screw Stud x2

Made of stainless steel. One end being the screw and the other a twist fastener. Two are included.

Common Sense Twist Fastener Stud x2

Common sense twist fastener stud. Made of rust resistant, high quality metal. Used to secure biminis, sunshades, covers, and more. Available in two sizes, single or double stud.

Double Ended Christmas Tree Retainer Clips x6

White nylon doubled ended christmas tree retainer. Total length is 1 3/8". Stem is 7/8" in length. Quantity of 6.

Gypsy Stud, Button, & Socket x5

Stainless Steel gypsy stud, button, and socket. 5 pieces.

Lift the Dot Screw Stud x5

Stainless Steel Lift the Dot Single Screw Stud. Available in screw length of 1/2" or 3/8". Five pieces included. Used to fasten canvas along with the lift the dot socket and washer set.

Lift The Dot Single Stud & Prong Clinch Set x 2

Lift the Dot stud and 2 prong clinch set. Rust resistant fasteners. Used on many canvas projects to secure biminis, sunshades, covers, and more. Includes 2 sets for a total of 4 pieces.

Lift the Dot Socket & Washer Set x 2

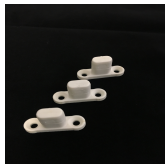

Lift the Dot socket & washer set. Rust resistant materials. Used for securing canvas for biminis, sunshades, covers, and more.

Lift The Dot Windshield Clips 7/8" x3

3 x 7/8" Stainless Steel Lift The Dot Windshield Clips. Studs are mounted on the clip. Fits 7/8" Molding on Boat Window Frames

Nylon Permalock Twist Stud x3

3 x Nylon Permalock Stud. Used with Permalock Eyelet and Washer to fasten canvas and other materials. Available in black or white.

Nylon Slide Release Buckle x2

Heavy duty quality. Nylon slide release buckle for use with 1" webbing. Two are included.

Nylon Swivel Snap Hook for Shock Cord x2

Nylon Swivel Snap Hook for Shock Cord, two are included.

Permalock Eyelet & Washer x4

Used in combination with the permalock stud fastener to secure your canvas. Available in black or white.

Stainless Snap Hook x2

Stainless Snap Hook. Made of stainless steel. Two are included.

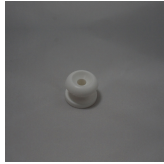

Stainless Steel Adjuster Buckle x2

Stainless Steel Adjuster Buckle. Marine stainless steel. Commonly used with webbing to tighten and adjust. Two pieces.

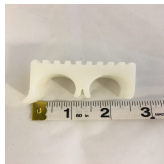

Stayput Pull x5

Stayput pulls used to attach to Stayput Shock Cords to ease in fastening. Stayput Shock cord not included. Available in Black and White.

Stayput Shock Cord Knob x4

High-quality UV stable Nylon Composite knob designed to accept 6mm shock cord. Can be affixed directly to a hard surface such as fiberglass or steel where you want to hook a Stayput Shock Cord. The knob is extremely strong with a smooth and rounded matt finish. As with all other Stayput products, it is also available in Black or White and is ideal for use with the Stayput Shock Cord Loop.

Teflon Double Sunblocker Clip 7/8" x2

2x Teflon Double sunblocker clip for use with 7/8" tubing. Used to keep clear plastic off of stainless boat top frames to prevent burning and discolouration from UV rays.

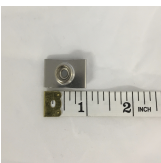

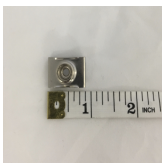

Teflon Single Sunblocker Clip x4

4 per set. A protective clip to avoid the contact of your plastic windows with metal tubular frame. Protects against wear on clear plastic windows. Available to fit 1" or 7/8" outer diameter tubing.

Top-Snapper Snap Tool

Snap or unsnap your boat canvas with this tool. Plastic grip with stainless angled end for easy use.

Windshield Clips for Snaps x3

Canvas | Fasteners | Tube Fittings | Deck Fittings | Window Vinyl | Canvas Treatments | Support Poles and Accessories

Tube Fittings

1" Pontoon Jaw Slide x2

Made of UV resistant Nylon and stainless steel. Will not tarnish. Mounts on 1" square tube. Stays in place with the included stainless machine screw.

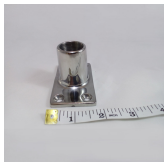

90 Degree Railmount Plate Stainless Steel

Heavy Duty 316 Stainless Steel Marine Grade. Ideal for use in mounting Steel Socket Eye Ends of sailboat and powerboat dodger and biminis to stainless rails

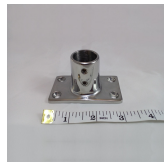

90 Degree Side Mount with Concave Base

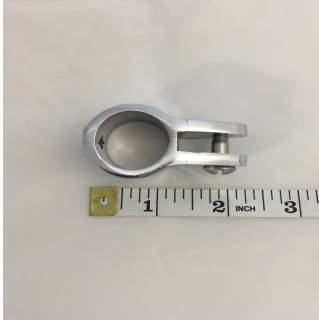

Stainless steel 90 degree side mount with concave base. Used to mount onto metal tubing and other rounded edges.

90 Degree Stainless Rectangle Base

90 degree stainless steel rectangle base for anchoring 7/8" or 1" stainless tubing to combing, decks, flybridges etc. Four holes for mounting securely to power or sailboat. Available in 7/8" or 1".

Cast Chrome Jaw Slide 7/8"

Cast chrome jaw slide. Fits onto 7/8" tubing.

Chrome Cast Tonneau Bow Socket

Attaches to the side of the boat and allows for the wooden piece to hold the tonneau cover in place.

Clam Shell Jaw Slide Stainless Steel

Heavy Duty 316 Stainless Steel Marine Grade 7/8" or 1" Jaw Slide. Mounts on rail without the need to disassemble frame. Jaw slide opens with the removal of two included stainless machine screws. Fold Clam shell over the rail and lock by securing machine screws. Ideal for landing a socket eye end to connect to tubing on bimini tops, dodgers, etc

Gem Lock Collapsible Frame Hinge 7/8"

Gem Lock Collapsible Frame Hinge use for deck fittings. Size 7/8". Corrosion resistance and heavy duty durability.

Nylon Jaw Slide x2

Made of UV resistant Nylon and stainless steel. Will not tarnish. Mounts on 7/8" rail. Stays in place with the included stainless machine screw. Ideal for landing a socket eye end to connect to 7/8" tubing on bimini tops, dodgers, etc.

Nylon Socket End x2

Marine Grade, UV resistant Nylon. Socket ends fit on the end of 3/4" / 7/8" tubing and bolts to a flat or side mounted plate, split jaw slide or universal deck hinge. Features set screw for quick, easy installation and a reliable hold. Ideal for use in boat shelters, dodgers and biminis. Available in 7/8" and 3/4".

Quick Release Pin with Drop Cam & Spring

Stainless steel quick release pin with lanyard and tab. Used on full enclosures, biminis, and tube fittings to secure onto the frame. Pin is 1/4" in diameter.

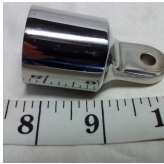

Stainless Steel Jaw Slide

Used to attach tubing bows on frames of dodgers and biminis. Two set screws are included. Available in 7/8", 1", or 1 1/4"

Stainless Steel Sliding Side Mount

The Sliding Side Mount marine grade stainless steel offers corrosion resistance and heavy duty durability. For attaching stainless rails on sail or power boats for applications such as bimini and dodger frames, stanchions, solar panels and beyond. Available in 7/8" and 1" diameter.

Stainless Steel Socket End, Eye End

Heavy Duty Socket End 316 Stainless Steel Marine Grade. Socket ends fit on the end of tubing and bolts to a flat or side mounted plate, split jaw slide or universal deck hinge. Features 2 set screws for quick, easy installation and a reliable hold. Ideal for use in sailboat and powerboat railings, dodgers and biminis. Available in 7/8", 1", or 1 1/4"

Stainless Steel Swivel Ball Jaw Slide 7/8"

Marine grade heavy duty stainless steel. For use with Swivel Ball Socket End to allow for metal framing to be easily secured and moved. Remove included screw to attach socket end. Available in 7/8".

Swivel Ball Socket End 7/8"

Heavy duty stainless steel. Includes one hex screw for tightening. Fits 7/8" metal tubing.

Swivel Ball Socket End 90 Degree 7/8"

Heavy duty stainless steel. Includes one hex screw for tightening. Fits 7/8" metal tubing.

Deck Fittings

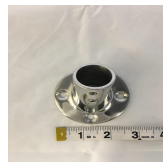

30 Degree Stainless Rectangle Base

Heavy duty stainless steel deck mount. Angled at 30 degrees with a rectangle shaped base. Available to fit 1" or 7/8" metal tubing.

30 Degree Stainless circular Base

Heavy duty stainless steel deck mount. Angled at 30 degrees with a circular shaped base. Available to fit 1" or 7/8" metal tubing.

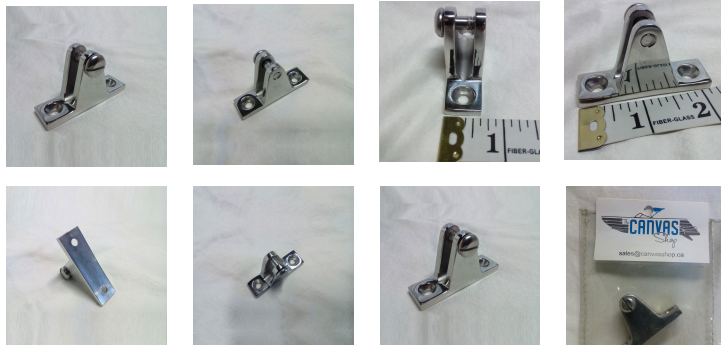

60 Degree Stainless Circular Base

Heavy duty stainless steel deck mount. Angled at 60 degrees with a circular shaped base. Available to fit 1" or 7/8" metal tubing.

60 Degree Stainless Rectangle Base

Heavy duty stainless steel deck mount. Angled at 60 degrees with a rectangle shaped base. Available to fit 1" or 7/8" metal tubing.

80 Degree Angled Deck Mount

Heavy Duty 316 Stainless Steel Marine Grade 80 Degree Angled Deck Mount Plate. 80 degree angle eliminates need for wedges. Ideal for use in mounting Steel Socket Eye Ends of sailboat or powerboat dodgers and biminis to the deck, cockpit or pilot station.

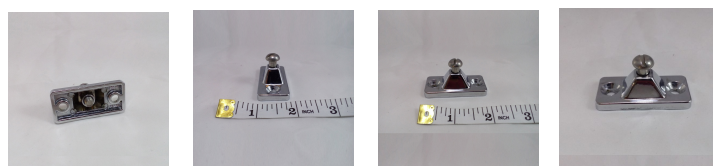

90 Degree Stainless Circular Base

Heavy duty stainless steel deck mount. Angled at 90 degrees with a circular shaped base. Available to fit 1" or 7/8" metal tubing.

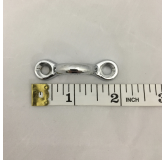

90 Degree Stainless Rectangle Base

90 degree stainless steel rectangle base for anchoring 7/8" or 1" stainless tubing to combing, decks, flybridges etc. Four holes for mounting securely to power or sailboat. Available in 7/8" or 1".

Chrome Cast Side Mount Plate

2 hole side mounting plate for use with the cast range of stainless fittings. For use attaching a socket eye end onto the plate to provide an up/down hinging. Can be used where a top mount hinge is not possible.

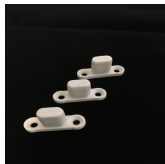

Eye Strap Diecast x2

Stainless steel heavy duty eye strap diecast. Used to secure bimini tops and more to the deck. Includes two holes for securing and a steel loop

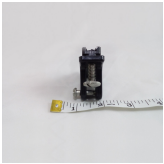

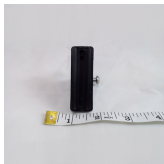

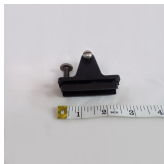

Nylon 90 Degree Deck Mount Plate

Nylon 90 Degree Deck Mount Plate. Ideal for use in mounting Socket Eye Ends of sail and powerboat dodger and biminis to the deck, cockpit or pilot station. Screw is included.

Nylon Permalock Twist Stud x3

3 x Nylon Permalock Stud. Used with Permalock Eyelet and Washer to fasten canvas and other materials. Available in black or white.

Nylon Slide Track Deck Mount x2

For top mounting socket ends or jaw slides to rail. Complete with locking screw. 2 Nylon Slides. Heavy-duty nylon hardware. Pin bolt size: 3/16".

Nylon Slide Track Side Mount x2

Heavy duty Nylon Slide Track Side mount sold in pairs. Marine grade, UV resistant Nylon. Easy installation and a reliable hold. Ideal for use in boat shelters, dodgers and biminis. Used to create a mountable contact on slide track for socket ends or jaw slides.

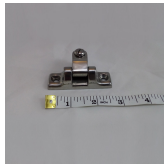

Nylon Socket End - Pontoon x2

2 x Heavy Duty UV Protected Nylon Socket End for square metal tubing for Pontoon bimini tops. Socket is 1"x 1"

Nylon Thumbscrew 1/4" x2

Nylon thumbscrew replaces the slotted stainless screw in deck mounts to make it easier to loosen or tighten with one hand. Screw is stainless. End piece is nylon. Available in black or white.

Stainless 180 Degree Universal Deck Hinge

Heavy duty stainless steel pivoting deck hinge allows 180 degrees of swivel in the hinge. For use in the construction of Bimini Boat Top Frames that are not connected in the typical 90 or 80 degree angle. Takes the guess work out of buying deck mounts. Fasteners not included.

Stainless Steel 60 Degree T

Heavy duty stainless steel 60 degree T. 316 marine grade stainless steel offers corrosion resistance and heavy duty durability. For attaching 7/8" or 1" stainless rails on sail or power boats for applications such as bimini and dodger frames, stanchions, solar panels and beyond. Available in 7/8" or 1" diameter.

Stainless Steel 90 Degree Deck Mount Plate

Heavy Duty 316 Stainless Steel Marine Grade 90% Deck Mount Plate. Ideal for use in mounting Steel Socket Eye Ends of sail and powerboat dodger and biminis to the deck, cockpit or pilot station

Stainless Steel 90 Degree T

Heavy duty stainless steel 90 degree T. 316 marine grade stainless steel offers corrosion resistance and heavy duty durability. For attaching 7/8" or 1" stainless rails on sail or power boats for applications such as bimini and dodger frames, stanchions, solar panels and beyond. Available in 7/8" or 1" diameter.

Stainless Steel Deck Mount with Ring

Stainless Steel Deck Mount with Ring includes small screws for securing. Heavy duty, corrosion resistant, marine grade stainless steel. Large ring making it easy to tie down lines, canvas, or other materials.

Stainless Steel Set Screw 1/8" Hex x5

5x 1/8" Stainless Steel Set Screw. Hex socket drive. Marine grade stainless steel. 5 Pieces.

Pole is made of aluminium, fittings made of UV protected nylon. Be sure to check out the support pole's available parts and accessories. Available in 25" expandable 31" expandable up to 60".

Boat Vent II for Boat Cover Support Pole

Fits onto support pole to maximize ventilation underneath the boat cover. Can be used with all types of fabric. Prevents mold, mildew, and bacteria from growing under your cover which causes irreversible damage. Fits 3/4" and 7/8" size poles.

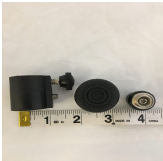

Pole End for Support Pole - Fits Inside #44 Grommet

Pole End attachment for Support Pole (sold separately). Easily attaches to our support poles so that the top will fit into a #44 Grommet. Great way to secure your support pole to a fixed point on a cover. Pole not included with purchase.

Support Pole 180 Degree Swivel End

Attaches onto the end of the support poles so that you can angle the pole whichever direction required. The rectangle rubber base ensures good grip. Support poles are helpful underneath your boat cover so that the water can properly drain off.

Support Pole Repair Kit for Snap Attachment

Support pole repair kit for snap attachment. Designed to mount snap to your support or lock poles to attach directly to canvas preventing slipping of fabric or pole falling over. Heavy duty durability and UV resistant Nylon.

Winter Enclosure Support Clamp 1" x2

Marine grade stainless steel. Winter Enclosure Support Clamp for 1" tubing. Bolt for tightening included. 2 are included.
